Well, I'm a lover, I am forever
Movin' forward into outer space
And I'm a mountain, I am disaster
But who is countin', we are on our way

Lover, a strange kind of lover
A different kind of lover
The kind of lover
You don't wanna just discover

Lover, a strange kind of lover
A different kind of lover
The kind of lover
You don't wanna just discover

And this old habit, I will not have it
Just takin' over like it has before
And this position, it's on a mission
To keep me movin', to keep me goin' on

Lover, a strange kind of lover
A different kind of lover
The kind of lover
You don't wanna just discover

Lover, a strange kind of lover
A different kind of lover
The kind of lover
You don't wanna just discover, lover

So let your skin out and go and find out
What is the matter around the river bend
It is the question to the old answer
Can you leave me with the one I love

Lover, a strange kind of lover
A different kind of lover
The kind of lover
You don't wanna just discover

Lover, a strange kind of lover
A different kind of lover

The kind of lover
You don't wanna just discover, lover
