I say now you
You talk about the things I do
But, darling, I, I'll try
To tell the reasons why

Cause I've been thinking 'bout
The thing that you
Said late last night
When every word I said
Just didn't come out right

And you were so afraid
That I'd find someone new
But, darling, there's no need
For what we're going through because

[CHORUS]

You and I've been in love too long
To worry about tomorrow
Here's a place where we both belong
I know you're the only woman
That I'm dreaming of
You're the only woman
That I really love

Baby, see what a foolish
Heart has done for me
Darling, yeah, why would you
Break my heart and make me cry

You know you, you can't go back
And change the way things are
And all this foolish talk
Won't take us very far

So now I, I hope you're listening
Sause I'm telling you
About the way I feel and
What I'm going through because

[Repeat CHORUS]

When the pain of love surrounds you
And the world may be unkind
I'll put my loving arms around you
And take you far from
This place and time because

You and I've been in love too long
To worry about tomorrow
Here's a place where we both belong
I know you're the only woman
That I'm dreaming of

You're the only woman
That I'm dreaming of
You're the only woman
That I'm dreaming of
You're the only woman
That I'm dreaming of...

Listen to me, baby
Let's stay together
We'll be together

You're the only woman
That I'm dreaming of
You're the only woman
That I'm dreaming of...

Let's stay together
Let's stay, let's stay together
Listen to me, baby

The only woman
