

## **Ghoti Hook "Lullaby"**

Visit "[Lullaby](#)" on [MotoLyrics.com](http://MotoLyrics.com)

Sunday night has come again  
And still I cannot sleep  
Hidden lines have come to a head  
No more secrets left to keep  
And now that everthing is gone  
The morning sun seems bittersweet  
Has the day begun already?

And now ashamed of who I am  
I missed what everyone could see  
Always a fight for me to change  
Into the man you want me to be  
A better man that shares my name  
Can I look into his eyes  
And see a reflection of

I try to make it through the day  
Too confused to disbelieve  
Did it use to be this way?  
I try to remember speaking  
You I thought would understand  
Appreciate my weakness  
And tell me I can be a man

And now ashamed of who I am  
I missed what everyone could see  
Always a fight for me to change  
Into the man you want me to be  
A better man that shares my name  
Can I look into his eyes  
And see a reflection of

What's left inside to see these captured thoughts  
surrounding jealousy  
No hope do you believe if left alone these worlds will  
bury me  
And who will sing this boy to sleep in the stillness of his  
room  
Present a melody of peace beckon dreams to follow  
soon  
But if there's no one left but him ,then the curtain has  
been drawn

A wasted life deserves no song

And now ashamed of who I am  
I missed what everyone could see  
Always a fight for me to change  
Into the man you want me to be  
A better man that shares my name  
Can I look into his eyes  
And see a reflection of me
