There's just on thing  
That I love more than anything  
I hold it so dear to heart  
It has just one gear  
And a pair of blue training wheels  
A headlight to see in the dark

I like  
My bike  
It's not like other bikes  
I like  
My bike  
It's not like other bikes

It has pinwheels  
And a purple banana seat  
Loud cards in the spokes as they bend That I honk  
when you're in my way  
So I don't run over my friends

I like  
My bike  
It's not like other bikes  
I like  
My bike  
It's not like other bikes

I ride my bike to the girl that I like  
And she looks at me and my bike  
A tear fills her eye as she's filled with great pride  
When I ask her to take a ride  
Me and my girl  
We run all over town on it  
My guide is the street and the sun  
We stop for a shake  
I pretend we'll share all of it  
When I hit the eject button

I like  
My bike  
It's not like other bikes  
I like

My bike  
It's not like other bikes
