It was a soft summer night when you came into my life
I thought it was a dream when your hand reached out
for me

There was something there that I couldn't compare
And I knew that you were the only one for me

Seasons Change
Seasons Change

It was a cool Autumn's eve when you sensed that I was
leaving

A tear came to your eye but I just let it run dry
You said don't go away but I just left you anyway
I wasn't sure if you were the one for me

Seasons change
Seasons change

I was a cold winter's morning I had been up all night
crying

I knew I'd done you wrong, I'd been astray for oh so
long
I'm on my knees in pain I wish things had stayed the
same
And I just hope that you will take me back

Seasons change
Seasons change

I was a warm spring's night when you let me back
inside

I thought it was a dream but you still cared for me
Your love filled my heart nothing could tear us apart
And I knew that you were the only one for me
