Last night I laid in bed and thought about it all  
(Whoa oh oh)  
What was it that had made us fall  
(Whoa oh oh)  
I don't regret anything that I said to you  
(whoa oh oh)  
The choice we made was something we already knew  
And I'm finding...

Yesterday you know will never go away  
It's best to leave behind  
If we want to find ourselves some peace of mind  
Yesterday was when we were happy  
For tomorrow there is hope  
But today is hard and lonely so it goes

I have to set what I want for us all aside  
(Whoa oh oh)  
Without that it would be a lie  
(Whoa oh oh)  
I know inside now where I am that this is right  
(Whoa oh oh)  
From here on out it will be hard I can't deny  
And I'm finding...

Yesterday you know will never go away  
  
It's best to leave behind  
If we want to find ourselves some peace of mind  
Yesterday was when we were happy  
For tomorrow there is hope  
But today is hard and lonely so it goes

And yes I am afraid  
Of what I can't foresee  
Will you still be there  
Will you be the same  
Will those feelings change  
These thoughts I cannot bear

Do you stop to think about a  
Time when we were without doubt

When love was something new and so unknown  
(Love was something new and so unknown)  
Can we call ourselves just friends  
Cause why should this just have to end  
And do you know why I must be alone?  
(Do you know why I must be alone?)
