I did cause a commotion  
I can't help but make a scene  
I ain't lookin for somethin preminent to get at me  
Tell you what it's gonna be  
You better step up your game  
Before you can step with me

Can't you see me walkin through the door  
Maybe I should turn it up a little but more  
I can't help but feel responsible  
For what the girls hate  
And the boys adore

Say hey what's it gonna be tonight  
Come hit me up  
Come hit me up  
Say hey party with me tonight  
Come hit me up  
Come hit me up  
Say hey we been running all night  
Come hit me up  
Come hit me up  
I know you feel it cause you checking me right  
Come hit me up  
Come hit me up  
Baby baby, just a little bit  
Baby baby, just a little more  
Baby baby, let me see ya  
Walk to me talk to me handle me right

I walk in jaws all be droppin  
It's so electrified  
Don't mean to intend my date  
Don't mean to make you loose your mind

If you want this work it for this  
Show me that you got what's right  
You better make an impression  
Won't get another try

Can't you see me walkin through the door  
Maybe I should turn it up a little but more

I can't help but feel responsible  
For what the girls hate  
And the boys adore  
Say hey what's it gonna be tonight  
Come hit me up  
Come hit me up  
Say hey party with me tonight  
Come hit me up  
Come hit me up  
Say hey we been running all night  
Come hit me up  
Come hit me up  
I know you feel it cause you checking me right  
Come hit me up  
Come hit me up  
Baby baby, just a little bit  
Baby baby, just a little more  
Baby baby, let me see ya  
Walk to me talk to me handle me right

Come hit me up  
Come hit me up  
Say hey party with me tonight

What's it gonna be tonight  
I know you feel it cause you checking me right  
Come hit me up
