Let's get out of here  
I don't care how far we go  
We'll bring the devil,  
Like I don't care, because you're here  
Let the lightning strike  
With the rain and floods  
Cuz when you look at me  
Don't wanna run, don't wanna run

Baby you came long, when I thought I lost my faith  
That's when I knew I've found a new religion  
Hold me  
Keep me alive with your heart beat  
Baby I'm down on my knees  
That's what you do  
I found a religion with you

Write it on the wall  
Baby this is how I feel  
You're something sacred  
You give me something, so real  
I need to touch your lips  
I need to break you away  
Just when I thought I was dead  
I wanna live and say yeahhh

Baby you came along, when I thought I lost my faith  
Fought with love like rain again,  
That's when I knew, I've found a new religion

Hold me keep me alive with your heart beat  
Baby I'm down on my knees  
That's what you do  
I found a new religion with you

I don't know, could turn the dust?  
But when I look at your eyes  
Don't wanna run, don't wanna run

Baby you came along, when I thought I lost my faith  
Fought with love like rain again,

That's when I knew, I've found a new religion

Hold me keep me alive with your heart beat

Baby I'm down on my knees

That's what you do

I found a new religion with you
