Doesn't happen overnight, yeah it's somethin' we work
at
Taking turns standin' in the spot light
Makin' new trends all the rage, finding out what we're
good at
In our own kind of specialized way

We're bratz, space angelz, popstarz
There's so many things that we like
And just being who we are
The sky is the limit, hold tight
We're bratz, space angelz, pop stars
And we're gonna rock the world
Hangin out with our girls
yeah, oh
It's a new phase

Knockin down doors, changin' up the illusions
We're global girls, goin' over those walls
Explorin' fresh points of view, confident, stayin'
focused
We keep it real always reachin' for the best

Oh, oh, oh, We're so
Havin fun, feelin' good, and
Always on the go
That's what we do

We're bratz, space angelz, pop starz
There's so many things that we like
And just being who we are
The sky is the limit, hold tight
We're bratz space, angelz pop, starz
And we're gonna rock the world
Hangin out with our girls
Whoa...

No time to rest yeah, that our story
Fashion foward, Super stylin'

Girls on the town, checkin' it out

We step up and help, believe in ourselves
The party is now,

We're bratz, space angelz, pop stars
There's so many things that we like
And just being who we are(hahaha)
The sky is the limit hold tight
We're bratz, (bratz)space angelz, pop stars
And we're gonna rock the world(hahaha)
Hangin out with our girls x2
