We know how to dare  
We know how to dream  
Tonight is the night  
What we wanna be, will be  
We're gonna make it through

Lets conquer the fears  
Take every chance  
Hold back the tears  
What we wanna be, will be  
We're gonna make it through

Out of our heads  
Into our hearts  
Close to the edge  
Ready to start

And it's so good  
Dancing on the air  
It feels so good  
Nothing can compare  
Cause the beat in our hearts  
Is the beat on the charts  
Like a spotlight we're coming through  
It feels so good  
Shining here in front of you

Give everything  
And don't be afraid  
Be true to yourself  
If you wanna live forever  
You're gonna make it through  
You're gonna make it through

Out of our heads  
Into our hearts  
Close to the edge  
Ready to start

And it's so good  
Dancing on the air  
It feels so good

Nothing can compare  
Cause the beat in our hearts  
Is the beat on the charts  
Like a spotlight we're coming through

It feels so good  
Dancing on the air  
It feels so good  
Nothing can compare  
Cause the beat in our hearts  
Is the beat on the charts  
Like a spotlight were coming through  
It feels so good  
Shining here in front of you

It feels so good-vocal cord(so good, so so so good)  
Shining here in front of you-vocal cords (shining here in front of you)  
Shining here in front of you-vocal cords( shining here in front of you)

Dancing on the air  
It feels so good  
Nothing can compare  
Cause the beat in our hearts  
Is the beat on the charts  
Like a spotlight were coming through(spotlight were coming through)  
It feels so good

Dancing on the air  
It feels so good  
Nothing can compare  
Cause the beat in our hearts  
Is the beat on the charts  
Like a spotlight were coming through(spotlight were coming through)  
It feels so good  
Shining here in front of you
