We do what we do cuz we like what were doing (what were doing)

going 20 miles an hour but were just cruising
and were burning it up like fast and furious
turning it up like a shock right through ya

It's gonna be a girls night out
we do what we like, like what were doing
girls night out
we don't care what their saying
and were just gonna keep on playing

Look sharp trouble coming your way
theres a party tonight get in line
we can make your day
and we can't stop while the beats still playing
theres no way out and the only way in

is coming on a girls night out
we do what we like, like what were doing
girls night out
we don't care what their saying
and were just gonna keep on playing

Make up my mind whats right from wrong
got so much time forever young
its a girls revolution
yeah yeah yeah

play more talk like i just don't care
it wont be long till i take you there
let me see your hands in the air
yeah yeah yeah oh

It's gonna be a girls night out
we do what we like, like what were doing
girls night out
we don't care what their saying
and were just gonna keep on playing

It's gonna be a girls night out
we do what we like, like what were doing

girls night out
we don't care what their saying
and were just gonna keep on playing
