Visit "[Hey](#)" on MotoLyrics.com

You wanna see
How it could be
With something new like
When we strike
We're ready to try c'mon let's fly
No-one can stop us
When we're sliding by
And it's getting stronger and stronger you know
So drop everything watch us hit with a show

Hey, can you hear it all around you?
Then get on down with the angel sound
C'mon hey, can you feel it
Running right through you
All the boys go HEY
And all the girls go HEY
Everybody go HEY HEY HEY when the angelz play

You feel the groove
You wanna move
There ain't no stoppin when you do
We found our own track
No need to hold back
Can see you like this
Angelz act
Cause now when you've tasted it you want even more
And so, if you got it hold on here we go!

Hey, can you hear it all around you?
Then get on down with the angel sound
C'mon hey, can you feel it
Running right through you
All the boys go HEY
And all the girls go HEY
Everybody go HEY HEY HEY when the angelz play

R-O-C-K
We are the Rock Angelz,
Come on and shout it out.
R-O-C-K
We are the Rock Angelz
So if you like it,

Come on and shout it out

Hey, can you hear it all around you?
Then get on down with the angel sound
C'mon hey, can you feel it
Running right through you
All the boys go HEY
And all the girls go HEY
Everybody go HEY HEY HEY when the angelz play
