Oh, oh, yeah, oh yeah  
Just let go now

Hey  
You've got to move the way you feel  
We play  
The rhythm that takes you there for real

Come on and turn it up 'cause now is the time  
You can do whatever you like

Just let go now, here's your chance  
Express yourself the way you dance  
Just let go now and feel the groove  
Do what you want, the way you want to  
Just let go

Oh hey  
Just let the music take you there  
Fly away  
Here by your worries and your cares

Come on and turn it up 'cause now is the time  
You can do whatever you like

Just let go now, here's your chance  
Express yourself the way you dance  
Just let go now and feel the groove  
Do what you want, the way you want to

Just let go now, here's your chance  
Express yourself the way you dance  
Just let go now and feel the groove  
Do what you want, the way you want to

(Anytime)  
Just like a dream, you can be  
(Where you like)  
Just close your eyes, you can see  
(Another world)  
Just imagine it, make it real, let yourself go, let it go, oh

Just let go  
Just let go  
Just let go

Just let go now, here's your chance  
Express yourself the way you dance  
Just let go now and feel the groove  
Do what you want, the way you want to

Just let go now, here's your chance  
Express yourself the way you dance  
Just let go now and feel the groove  
Do what you want, the way you want to  
Just let go
