Trouble seems to find me everywhere I go
Driving me insane about to blow, out the window
Bugging everyone there is to know
Digging me a little black hole, I was so low

Unlock the door to get out
I turn around
I can see it now

No it won't make me cry
It's just another illusion
It's a matter of time
Till I get it right

It's blowin' my mind
This 21th century confusion
Ain't no wonder why
It's just a sign of the times

You can feel misunderstood
But from where I'm standing
Things are lookin' good

If you standing in the gutter in the pouring rain
With all your makeup running down your face
You've gone the wrong way
There was one of two roads that I could take
I didn't want to leave it up to fate, I think I'm okay

It was burning me inside out
And now I turn away
Come and check this out

No it won't make me cry
It's just another illusion
It's a matter of time
Till I get it right

It's blowin' my mind
This 21th century confusion
Ain't no wonder why
It's just a sign of the times

You can feel misunderstood
But from where I'm standing
Things are lookin' good
Things are lookin' good

Yeah, looking good
Looking real good
Things are looking good
Looking so good

But it won't make me cry
It's just another illusion
It's a matter of time
Till I get it right

It's blowin' my mind
This 21st century confusion
Ain't no wonder why
It's just a sign of the times

You can feel misunderstood
But from where I'm standing
Things are lookin' good
