Oh

Were on time
And Feeling all right
We know we
Right here and were ready to roll(were ready to roll)

Its on (on)
Just the way that we want (yeah)
We've got a lot of good times
To share
Come on lets go (come on lets go)

Everything is working out to be
just the way we planned

Were making It happen
Getting reaction
Gonna party it out nothing stopping us
Were making it happen
Getting satisfaction
We've got the power to be
Who we wanna be
Yeah

Were revved up
And were not gonna stop (were not gonna stop)
We know We've got It going on
We

That
we're keeping it real(yeah)
and we know we cant go wrong
Me and all of my girls(me and all of my girls)

Everything is working out to be(oh oh)
just the way we planned

Yeah
Were making It happen
Getting reaction(oh yeah)
Gonna party it out nothing stopping us

Were making it happen(happen)
Getting satisfaction(oh)
We've got the power to be
Who we wanna be(who we wanna be)
Yeah

Oh oh

Were making It happen(happen)
Getting reaction
Gonna party it out nothing stopping us(no)
Were making it happen (happen)
Getting satisfaction
We've got the power to be
Who we wanna be
Were making It happened
Getting reaction(oh)
Gonna party it out nothing stopping us
Were making it happen(oh no)
Getting satisfaction
We've got the power to be
Who we wanna be
Yeah
Were making it happen
Oh oh
Were making it happen
