Can you handle my style,
Can you handle my attitude,
Are you ready for me,
I guarantee,
What ya get is what ya see,
And that's the truth,
Can you handle my style,
Can you handle my attitude,
'Cause I really wanna shine,
Every time,
Take the world by surprise,
And I'm ready to (ready to)....

I'm the only one just like me,
You can say I'm original,
Got my own personality,
I'm individual,
What I wear, what I say, what I look like,
Got a fashion all my own,
There's never been anybody like me,
Time to let it show....

Can you handle my style,
Can you handle my attitude,
Are you ready for me,
I guarantee,
What ya get is what ya see,
And that's the truth,
Can you handle my style,
Can you handle my attitude,
'Cause I really wanna shine,
Every time,
Take the world by surprise,
And I'm ready to (yeah)....

I can be anything that I want to,
Confident in the way I feel,
I'm the only one that my dreams belong to,
I'm gonna make them real,
Everyone is one of a kind,
And I'm an untraditional girl,
You can say I'm the one and only,

Me in the world....

Can you handle my style,
Can you handle my attitude,
Are you ready for me,
I guarantee,
What ya get is what ya see,
And that's the truth,
Can you handle my style,
Can you handle my attitude,
'Cause I really wanna shine,
Every time,
Take the world by surprise,
And I'm ready to....

It's who I am, I understand,
I got my style, I got my plan,
Yeah, I'm the only one of me,
Original (that's right),
And I know I can be just anything that I like,
What I wear, my attitude,
It's my own thing, it's what I do....yeah,
I never hold back or hide the way that I feel,
Because I'm keepin' it real....

Can you handle my attitude....

Can you handle my style,
Can you handle my attitude,
Are you ready for me,
I guarantee,
What ya get is what ya see,
And that's the truth,
Can you handle my style,
Can you handle my attitude,
'Cause I really wanna shine,
Every time,
Take the world by surprise,
And I'm ready to....
