Ohh

Gotta stand up
You can find the strength inside
You can't be stopped
Once you start to realize
You've got the power
And it's deep inside your heart
The final hour
Oh and now's the time to start
Oh

Reach
You gotta just
Believe
You can do anything at all
And if you fall,
You gotta get back up again

Never back down
(Never back down)
Never give in
(Never give in)
Gotta be strong
In the end you can win
Never back down
(Never back down)
Never give up
(Never give up)
Gotta believe and
You'll never be stopped no!

Never never never back down
Never never no no
Never never never back down!

Gotta stand tall
Nothing, nowhere in your way
But you see that
It's your choice that you can make
Gotta take the chance (yeah)
Give it everything you've got

All you go through (go through)
Only makes you twice as strong oh!

Reach
You gotta just
Believe
You can do anything at all
And if you fall,
You gotta get back up again

Never back down
(Never back down)
Never give in
(Never give in)
Gotta be strong
In the end you can win
Never back down
(Never back down)
Never give up
(Never give up)
Gotta believe and
You'll never be stopped no!

Never never never back down
Never never no no
Never never never back down!

Reach
You gotta just
Believe
You can do anything at all
And if you fall,
You gotta get back up again

Never back down
(Never back down)
Never give in
(Never give in)
Gotta be strong
In the end you can win
Never back down
(Never back down)
Never give up
(Never give up)
Gotta believe and
You'll never be stopped no!

Never back down
(Never back down)
Never give in
(Never give in)

Gotta be strong
In the end you can win
Never back down
(Never back down)
Never give up
(Never give up)
Gotta believe and
You'll never be stopped no!

Never never never back down
Never never never back down!
