Open eyes
I can see what's in front of me
Open mind
Imagining what I will be
Open eyes
I can see how it's gonna be
Whatever, whenever we'll make it happen

If you tell that I can I will, I will
If you're telling me to stop I won't, I won't
...it's not in my vocabulary
Not underestimate this girl extraordinary

No matter, what I, where I'm from
No matter how my time has come, hey!

Open eyes
I can see what's in front of me
Open mind
Imagining what I will be
Open eyes
I can see how it's gonna be
Whatever, whenever we'll make it happen

We can sit it in my sit, I want, I want
Cause if I want on to believe I will ,I will
It's not impossible unusual almost scary
Step outside the box and be extraordinary

No matter, what I, where I'm from
No matter how my time has come, hey!

Open eyes
I can see what's in front of me
Open mind
Imagining what I will be
Open eyes
Cause today I'm feeling free
Whatever, whenever we'll make it happen

You can push me around
Drop me up or drag it down

In the water I won't drown

I'm tired of all the rules
So tired of all those fools
I'm gonna keep it cool

Open eyes, open mind, open eyes
Whatever, whenever we'll make it happen

Open eyes
They had what I need to know
Open mind
Not afraid to let it show
Open eyes
I'll go where I want to go
Wherever, whenever, we'll make it happen
It's Open eyes
