Rollin', goin', never slowin' down
Flyin', ridin', At the speed of sound
I'm ready, steady, and i'm on a roll
5,4,3,2,1 let's go now

Cruisin', choosin', where i wanna be
Trouble, comin', never stoppin' me
Groovin', movin', and i feel like
If i had wings then i could fly

Never give in, no matter what comes
Gonna get it done
And nothing's gonna stop me

Trouble knockin', it's gonna get rough
But i won't give up
Coz nothing's gonna stop me

Never give in, I've gotta be strong
And I will hold on
Coz nothing's gonna stop me

And whatever's comin' my way
I know i can face
Coz nothing's gonna stop me

Rollin', knowin', what i've gotta do
Chasin', racin', gonna make it through
I'm in it, to win it, and i'm givin' it
All i've got i can't be stopped now

Determined, and workin', gonna find a way
I'm prepared, to get there, no matter what it takes
I'm glidin', flyin', and i've gotta be strong
To get just what i want yeah

Never give in, no matter what comes
Gonna get it done
And nothing's gonna stop me

Trouble knockin', it's gonna get rough
But i won't give up

Coz nothing's gonna stop me

Never give in, I've gotta be strong
And I will hold on
Coz nothing's gonna stop me

And whatever's comin' my way
I know i can face
Coz nothing's guna stop me

Never give in, no matter what comes
Gonna get it done
And nothing's gonna stop me

Trouble knockin', it's gonna get rough
But i won't give up
Coz nothing's gonna stop me

Never give in, I've gotta be strong
And I will hold on
Coz nothing's gonna stop me

And whatever's comin' my way
I know i can face
Coz nothing's guna stop me

Never give in, no matter what comes
Gonna get it done
And nothing's gonna stop me

Trouble knockin', it's gonna get rough
But i won't give up
Coz nothing's gonna stop me

Never give in, I've gotta be strong
And I will hold on
Coz nothing's gonna stop me

And whatever's comin' my way
I know i can face
Coz nothing's guna stop me
