You're the one and only you
Express it any way you want
Style the way you feel inside
And rock this world
Daring to be different
'Cause you don't wanna be the same
Totally unique, an independent girl

Show yourself
As you really are

You gotta stand out be proud
Time for you to shine
You're special, beautiful
You're one of a kind
Stand out from the crowd
Everybody knows
Individual, original
And it really shows
'Cause you stand out

Funky fashion get reaction
You know how to be yourself
Only 'cause you know it when it's feeling right
Confident inside your heart
You know exactly who you are
Go ahead and do your thing the way you like

Show yourself
You know your're a star

You gotta stand out be proud
Time for you to shine
Your special beautiful,
Your one of a kind
You stand out from the crowd everybody knows
Individual original
And it really shows
There could never be another you
You're like nobody else
Your style is all your very own
Be happy with yourself

Stand out be proud
Dress the part of how you feel
Be the one you know is real
'Cause your perfect just the way you are
Stand out
Stand out
Dont you know you really gotta

Stand out be proud
Time for you to shine
Your special, beautiful
Your one of a kind
Stand out from the crowd
Everybody knows
Induividual original
And it really shows
There could never be another you
You'relike nobody else
Your style is all you're very own be happy with yourself
Stand Out be proud
Stand out from the crowd
