Uh uh huh uh uh huh
The way we shine
The way we shine
The way we shine
The way we shine

Yeah you here the way we shine
Look at me and you(oh)
Everything we say, everything we do
Sharing every smile(ahhh)
And the world can see

The way we shine
Everywhere we go
Havin fun together and we let it show
Cause we shine in style
All my friends and me(uhhh uh yeah)

Bein who we are
Just the way we like
Everyones a star
Once we realize

We can reach any dream
Yeah everyone can see
Believe in ourselves
Everyone can tell(ohh)

Gotta celebrate
Our induvalty
You
And im the only me

We can reach any dream(dream)
Yeah everyone can see
Believe in ourselves
Everyone can tell

the way we shine(shine)
Look at me and you(you)
Everything we say, everything we do
Sharing every smile(ahhhh)

And the world can see(and the world can see)
