Tell you about a city girl
She's suprising
You never get the better
So totally amazing
Don't worry about nothing
She just gonna be free, yeah
So wont you, don't you
Try to mess with me

[CHORUS]

They can't tame us
So they blame us
For everything

So I say hey
People don't know who I am
All they can say
"shes a bad girl"
But they just don't understand
No they don't know who I am
No No

Burst my bubble
Just try, why don't you
It don't matter anyway
I'm putting on a great show
Moving on up
And it feels so right
Speeding in the fast lane
That is my vibe
Yeah

[CHORUS]

They can't tame us
So they blame us
For everything

Hey
People don't know who I am
All the can say
"she's a bad girl"
But they just don't understand

No they don't know who I am
No no

I hear knocking at my door
I turn the stereo up some more
But what can you do
When they blame it all on you?

[CHORUS]

Hey
People don't know who I am
All they can say
"she's a bad girl"
But they just don't understand
No they don't know who I am

Hey
People don't know who I am
All they can say
"she's a bad girl"
But they just don't understand
No they don't know who I am

No they don't know who I am
No No
