Workin' overtime  
You got a lot of things that you gotta do  
Workin' day and night  
Feel like you never stop  
Workin' overtime  
All you really need is a little more time to get it right  
Workin' overtime

That's when it feels like just too much  
When it comes to time there can never be enough  
Doing this, doing that, then you do some more  
Finish one thing then you get another chore

Workin' overtime  
You got a lot of things that you gotta do  
Workin' day and night  
Feel like you never stop  
Workin' overtime  
All you really need is a little more time to get it right  
Workin' overtime

There never seems enough hours in the day  
Everything you gotta do and all the time it takes  
Busy busy, rush rush, tryin' to get it done  
Never seem to catch your breath, always on the run

Workin' overtime  
You got a lot of things that you gotta do  
Workin' day and night  
Feel like you never stop  
Workin' overtime  
All you really need is a little more time to get it right  
Workin' overtime

And it never seems to end  
One minute break and then you start again  
What you need's a holiday  
But all you seem to get is all work and no play

Workin' overtime  
Workin' day and night

Workin' overtime  
Time to get it right

Workin' overtime  
You got a lot of things that you gotta do  
Workin' day and night  
Feel like you never stop  
Workin' overtime  
All you really need is a little more time to get it right  
Workin' overtime  
Workin' overtime
