You've got it  
Something like no one else  
You can tell that you've got it  
The way that you sparkle, the way that you shine

Got the look, attitude  
Yes, and you've got the style, it shows  
The way you talk, what you do  
And the way that you smile  
You should know, oh

You've got it  
Something like no one else  
You can tell that you've got it  
The way that you sparkle, the way that you shine

Who you are, you're a star  
'Cause you're one of a kind  
It's true  
How you make it look easy everytime

Only you express yourself this way now  
The way you know you should  
You always seem to know how to make you look so  
good

You've got it  
You know you've got it  
Yeah, you've got it  
Ooh ooh

Do what you do like you do how you do

'Cause you got it goin' on  
And you know it's true  
Check yourself, you're like no one else  
'Cause you've got your own style and you wear it well  
One to the two to the three  
You're a star  
Everywhere you go, you can stand apart  
It's in the way you dress, always lookin' your best  
It's showin' who you really are

Express yourself this way now  
The way you know you should  
You always seem to know how to make you look so  
good

You've got it  
Something like no one else  
You can tell that you've got it  
The way that you sparkle, the way that you shine

You've got it  
You've got it  
You're individual  
You can tell that you've got it  
And you make it look so good, so right
