Polka a lively round dance of Bohemian origin
Is enjoyed in all countries of the earth with
music

Its cadence is snappy compared with
margarine
At time quite strenuous but medically none
too sick

In a large overcrowded country dance hall
They rocked rolled danced pranced in mutual
rhythm
He to his gal partner -- do you have a woolen

shawl?
She -- yes but it's an item that has no material
chism

In an isolated near Atlantic Ocean beach house
He to her -- did you ever attend a school?
She -- yes primary grade grammar high with
no schism
But one fact quote teacher -- all obey the
the golden rule.
