Skin covers flesh of animals and humans  
The former covered with fur and latter on the head has  
hair  
Skin could be reminiscent of Harry Truman  
Animals covered with fur, humans generally bare

Skin!  
Skin!  
Skin covers up animals and humans  
Oh, Skin!  
Skin!

Skin covers up animals and humans  
Normally animals' skin is thick  
But humans' is comparatively thin  
A tear in skin can make animals and humans sick  
Normally all hilarious and seldom sin  
Skin!  
Skin!  
Skin covers up animals and humans  
(repeat)
