Look here's a dance, so old it's new
'Cause trash disco is seventies cool
Like country line dance to some it's fine
Sadly though, you gotta lose your mind

Get organized, discipline is fun
I want to encourage everyone

To coordinate your steps and clap
Avoid the individuality trap
Take a walk on the wild side
And the African-American women sing

Do the hustle
Do the hustle
Do the hustle

Do the hustle

Express yourself is a wonderful thought
But right here, right now, please do not
Specific moves fit the grooves
You've got nothing more to prove

To coordinate your steps and clap
Avoid the individuality trap
Take a walk on the wild side
And the African-American women sing

Do the hustle
Do the hustle

Hey, everybody
Everybody, hey

Do the hustle
All the boys and all the girls
Do the hustle
Everybody, get up have fun
