I can tell you what I can see
But it's something that I can't explain
It's like I'm walking away from me
It's a feeling that time can't erase
Lots of people appear in you
You change faces seems like everyday
Lots of people appear to me
But the scenery remains the same

You're going on, and on, and on
You're going on, and on, and on
You're going on, and on, and on
You're going on, and on, and on

You wake up and you go to sleep
I get up and I go right back to bed
You're the movie I try to keep
But I've heard every word that I've said

I can show you what I can see
But it's something you simply won't understand
I can tell you my history
Once a girl, once a dog , twice a man

You're going on, and on, and on
You're going on, and on, and on (Here we go)

Repeat Verse 1
Repeat Chorus (Come on Timmy!)
Repeat Verse 2
Repeat Chorus

You're going on, you're going on, you're going on,
you're going on, you're going on
You're going on, you're going on, you're going on,
you're going on, you're going on
