Oh, go

Girl, it's been awhile, you've lost your pretty smile, what happened?

Was it something that they said that's playing with your head

What happened when you're standing in the spotlight?

Woman, some people try an' take a shot

Well it's only jealousy, only jealousy, oh, they can't see our love

But one thing you can be sure of

You know that I'm a believer, in you an' me

You know that I'm a believer, oh it's true

And no matter what you do, girl, I believe in you I believe

Oh, it's never what you hear, it's only what you feel that matters

If you're gonna stand alone, you can't keep climbing social ladders

When it comes down to basics and we're lookin' at it one on one

It don't matter what they say, matter what they say

About us now, ah, can't hurt us now

But one thing you can be sure of

You know that I'm a believer, in you, I believe

You know that I'm a believer, oh it's true

And no matter what you do, girl, I believe

The only way to win child, is never play the game of love

But I'll be there to catch you even if you should ever fall

But one thing you can be sure of

You know that I'm a believer, in you, in me

You know that I'm a believer, girl it's true

And no matter what you do

You know I'm a believer, in you, in love

You know that I'm a believer, oh, it's true

And no matter what you do, girl  
I believe in you, oh, in me, oh, in love  
You know that I'm a believer, oh it's true  
And no matter what you do, girl, I believe
