Since you've been gone, I spend my days dreamin'  
'bout

The way things used to be with you  
I carry on, but getting over lovin' you  
Is the toughest thing I've ever had to do

'Cause you took me straight to heaven  
And I've never been so high

I'm lost in paradise  
Without your love my heart has paid the price  
I won't let go of yesterday, will I ever find my way  
I'm lost in paradise

I can't sleep at night, I reach out in the darkness  
To hold you close, but you're not there  
Oh, I try to forget this dream of making love to you  
But the memory is more than I can bear

I could find a way to make it  
If I knew that you still cared

I'm lost in paradise  
Without your love my heart has paid the price  
I won't let go of yesterday, will I ever find my way  
I'm lost in paradise, oh

Someday I'll find you, I'll search through heaven and  
hell  
Until I have you back in my arms again, I'm lost in

I'm lost in paradise  
Without your love my heart has paid the price  
I won't let go of yesterday, will I ever find my way  
I'm lost in paradise

I'm lost in paradise, oh  
I'm lost in paradise

Paradise, paradise  
Paradise, paradise  
Paradise, paradise, paradise
