Hey little girl, it's not that bad
I said, "Some things I know
I shouldn't have
But they're just the careless words
Of a jealous man"

Hey little girl, can't you see
Through the tears in your eyes
What you're doin' to me
I won't share your love
Oh don't you understand?

But you've still got time
To change your mind

So won't you stay 'til the end
Don't walk away tonight
I won't give you up
I'm gonna stand here and fight
Won't you stay 'til the end
Forget about the past
'Cause I know our love will last

Hey little girl, can you still recall
When it was just you and me
With our backs to the wall
We could take on the world
Because our hearts were strong

Hey little girl you say, "Things have changed"
But I say, "They're just
Part of love's growing pains"
You gotta fight for who you want
Fight for who you love, oh yeah

'Cause it's a long way home
When you're all alone

So won't you stay 'til the end
Don't walk away tonight
I won't give you up
No I'm gonna stand here and fight

So won't you stay, stay 'til the end
Forget about the past
I'll never let you down, I'll always be around baby
I'll never leave you lonely, cryin' for love

Oh you still got time
Still got time to change your mind
Don't let it fall, fall apart
Baby, search your heart

Won't you stay 'til the end
Don't walk away tonight
I won't give you up
I'm gonna stand here and fight
Won't you stay 'til the end
Forget about the past
'Cause I know our love will last

And won't you stay, stay 'til the end
I need you here tonight
Oh baby, make it right
Stay, oh no
