I want you, I think I'm on fire  
Well believe it or not, it's true, my love is not a liar  
It's gonna take some time, yeah a whole lotta time  
But if I have to wait another day, I'm gonna lose my  
mind  
'Cause all I wanna do is make sweet love to you, oh  
yeah

Thunder, lightning, oh, every time we touch  
Thunder, lightning, I need it so much

I see smoke over the horizon  
You got me all fired up inside, and my temperature's  
risin'  
I think I hear some noise, yeah a whole lotta noise  
Well that's my heart going crash bang boom, I can't  
keep it quiet  
And I don't like tempting fate, but before it gets too late

Thunder, lightning, oh every time we touch  
Thunder, lightning, oh girl, I want it so much  
Thunder, lightning, girl, you got that look in your eyes  
Thunder, lightning, it's gonna happen tonight  
Make it happen all night

Caught in a hot emotion, I've got a fire to fight  
But I never had a notion to give in tonight  
'Cause all I wanna do is make sweet love to you, that's  
why I gotta cry

Thunder, lightning, oh every time we touch  
Thunder, lightning, no girl, well I want you so much  
Thunder, lightning, yeah, you got the look in your eyes  
Thunder, lightning, it's gonna happen tonight

Thunder, lightning  
Thunder, lightning  
Thunder, lightning
