You know I've been waiting
And I pray that I'll be strong
I don't know if I'll make it
It seems like all my hopes are gone

I watch another day go by
Feel my whole life slip away
When I need the strength to survive
I remember you would say

Where would I be without you
Lost and alone till your love pulled me through
If not for a heart so true
Where would I be, I'd be without you

These four walls surround me
And it's a price that I must pay
Oh, there's fear all around me now
But I'm a million miles away

Locked inside an endless night
You're just a dream away
No, I won't give up on the fight
I'll be back with you some day

Where would I be without you
Lost and alone till your love pulled me through
If not for a heart so true
Where would I be, yeah, oh, I'd be without you

And I believe I can make it
When I see the hope in your eyes
And I know that you won't let me down
Where would I be without you

Without you

One day you're here, the next you're gone
There's so much I need to say
But I know that I'll carry on
'Cause you were with me all the way
With me all of the way, hear what I say

Where would I be without you
Lost and alone till your love pulled me through
If not for a heart so true
Where would I be, I'd be without you

Where would I be without you
So lost and alone till your love pulled me through
If not for a heart so true
Where would I be, I'd be without you

Where would I be without you
I'd be without you
Where would I be without you
I'd be without you
Where would I be without you

Where would I be without you
Where would I be without you
Where would I be without you
