Your light is burning out fast as it is bright
Surrender yourself to the night like you want
Nothing is turned out right!
And your eyes are staring as sharp as a knife
And everything is going to fight

You have plenty, but something just doesn't feel right!

Chorus:
So take, take
You're having the time of your life
So take, take
Till everything starts to feel right
But it's not what you wanted to be!

Your eyes rolling around in the night
Looking for friends who are ghosts from the past life
But nobody ever arrives, nobody ever arrives, nobody
ever arrives!

Chorus:
So take, take
You're having the time of your life
So take, take
Till everything starts to feel right
But it's not what you wanted to be!
No, this is not what you wanted!
And climbing the walls and you scream like you wanna
get out,
But you can't and you won't, cause you never lived...
new, out!

No, they won't teach you that
No, they won't teach you that
No, they won't!
No, they won't teach that to a boy like you!

Chorus:
So take, take
You're having the time of your life
So take, take

Till everything starts to feel right
But it's not what you wanted to be!
No, this is not what the good people see
No, this is not what you wanted to be
Nothing describe what you're wanting!
