I can't decide
If your words are
Unoriginal or just uninspired
I can't see right and
Your face is just a blood
Blending in with the night

And everything's worse
And everything hurts
And everything's worse
And everything hurts

I can't decide
Which is more super
Your heart or your mind
I can't speak right and
My words are just a blood
Blending in with the noise
Everything's worse
Everything hurts
Everything's worse
Everything hurts

You steal like they
Owe you something
You talk like you know

You steal like they
Owe you something
You talk like you know

But everything's worse
And everything hurts
Everything's worse
And everything hurts in
Baby please don't leave me
Alone
