There was a time when broken hearts and broken
dreams were over
There was a place where all you could do was wish on a
four leaf clover
But now is a new time, there is a new place where
dreams just can't come true
It started the day when I left you
I could never love again the way I loved you
Oh, I could never cry again like I did when I left you
And when we said goodbye
Oh the look in your eyes just left me beside myself
without your heart
I could never love again now that we're apart
Oh, when I was sorry it was too late to turn around and
tell you so
There was no reason, there was no reason
Just a foolish beat of my heart
I could never love again the way I loved you
Oh, I could never cry again like I did when I left you
And when we said goodbye
Oh the look in your eyes just left me beside myself
without your heart
I could never love again now that we're apart
Oh can't you see I'm not fooling nobody?
Don't you see the tears are fallin' down my face since
you went away?
Break my heart, you skipped away
Didn't know I was wrong
Never meant to hurt you now you're gone
I could never love again the way I loved you
Oh, I could never cry again like I did when I left you
And when we said goodbye
Oh the look in your eyes just left me beside myself
without your heart
I could never love again now that we're apart
I could never love again now that we're apart
