"Seen The Light"

I was down and broken hearted
I shut down before I started
But now I feel alright, I've seen the light
You want fame and adulation
I want my own home and a short vacation

But now it's getting right, I've seen the light
I've seen the light
You want to go get it now
I'll be here waiting around
You want to go get it now
I'll be here waiting around
Everything I hate in you is what I hate in me
Everything that I'm afraid that I might be
But that's alright 'cause I've seen the light
And I know I'm right 'cause I've seen the light
You wanna go get it now
I'll be here waiting around
You with your head in the ground
I know what you're gonna say
I don't care what you might say
I don't care

I've seen the light
Lord, lord, lord
I've seen the light
Lord, lord, lord
I've seen the light
