Girl we live in a world that goes too fast  
People don't give a love a chance  
You have to say wait stop and communicate  
And girl now that you're here and we're alone  
It's time for a little one on one  
I've got to say this I know we can't miss

I'll never let you down  
And I can be all that you need

I'm into you (into you)  
I'm into you tonight  
I'm into you (helplessly)  
'Til you get into me

Girl your laugh is the sweetest sound I've heard  
Baby I hang on every word  
You say that you care I'm walking on air

It's stronger everyday  
And all I do is only for you

I'm into you (into you)  
I'm into you tonight  
I'm into you (helplessly)  
'Til you get into me

I'm into you (into you)  
I'm into you tonight  
I'm into you (helplessly)  
'Til you get into me

I'll be a fool if I should hide  
'Cause it's all that you see and want it to be  
Baby please stay and feel the same way I do

I'll never let you down  
'Cause I can be all that you need
