[Keith Murray]

Yo this is Keith Murray and Hurricane G with the bom  
bom zee

Trey deep takin to the streets  
We straight ball hoggin, word up  
Niggaz know what time it is  
Straight up  
Straight motherfuckin Def Squad, L.O.D.

We can stand in the water and can't get wet  
Def Squad always got some fly shit on deck

[Paul Hightower] Gl-or-ia!!

[Hurricane G]

Hey fun-ny, what's up with that money grip, yeahhh  
Get hip to my tune and yo watch me flip  
the master, the ultimate funk, freak-er  
I'm unique, I got soul out my sneak-er  
A dope female, with the fat tail  
I never liked college, so yo, fuck Yale!  
If you don't know me by now I'm Puerto Rican  
(When the track be creepin she be freakin when she  
speakin!)

The Bad Mamma Jama, still bust the grammar  
Fuck the bullshit, let's get legit  
Yes me the Hurricane yo I pack skills  
So I keep on steppin like I'm doin drills  
Hut one, two, charge enlarge  
God damn, so don't fuck around with the jam!  
Sit back, relax, niggaz and watch me kick it  
Don't flex, in my pocketbook I pack a biscuit  
I blow your ass out (click click BOOYAKA)  
How's that? Now peep the size of my gat  
I'm gassed, so motherfuckers kiss my ass  
My whole ass; my entire big fat ol' ass!

[Keith Murray]

Keith Murray run this motherfucker! (Hell motherfuckin  
yeah!)

Keith Murray run this motherfucker! (Hell motherfuckin

yeah!)

[Paul Hightower] Ke-ii-thhh!!!

[Keith Murray]

The mad matador metaphoric mergers like traffic \*car  
tires squeal\*

Not havin it, bashin your style I'm somethin drastic  
Biblically, theoretically, practically speakin who  
wanna step in the helm of the realm of the Def Squad  
crew (Def Squad!!)

I shoot the gift like SWISH drinkin Olde English  
Nigga you wish you had the style, more distinguished  
than this

Pissed ain't the word so observe -- how I break  
your flow down through science, and kick you to the  
curb

Firsthand dirt and jungle poetry  
You see me, G, we or E and somethin out this anatomy  
Found the words of motherfuckin technology  
(like that) and we out

[Paul Hightower]

It's the bom bom zee, ohhh yeah  
With Keith Murray, and Hurricane G...  
For y'all that don't know -- ya betta ask somebody!
