Verse:

I've always tried to break through your walls of fire  
An angel in love can always fly much higher  
'Til I looked in your eyes  
That's when I left the skies

Chorus:

Take me now I'm your fallen angel  
You taught me why angels fall  
Watch me fly, your fallen angel  
I can break through your walls

Verse:

With all of the dreams that we had together now  
It's hard to believe that this is forever now  
And when I heard your call

You were there to catch my fall

Chorus:

Take me now I'm your fallen angel  
You taught me why angels fall  
Watch me fly, your fallen angel  
I can break through your walls  
Love's a test from the heavens  
Turns an angel's dreams around  
You're the best that I've discovered  
All your red hot love I've found
