IT MUST'VE BEEN MY BOY

performed by: Debbie Gibson

written by: Deborah Gibson and Lamont Dozier

2-3-4!

It must've been

Oooooo....

Shoo-be-do

Ooooo....

It must've been my boy

It must've been my boy

It must've been my boy

It must've been my boy

It must've been

There's this guy.....

You see, he's got all the girls talkin'

Makes 'em sweat

Just by the way he's walkin'

They wish they had him

But, they never will

'Cause there's just one boy I know

Who can give 'em that extra thrill

Oh, sweet jealousy

Is this revenge?

'Cause it's me, me, me

Who'll be holding him

Tonight

Yeah!

It must've been my boy

It must've been my boy

(yeah, yeah, yeah, yeah)

It must've been my boy

It must've been

There's this girl named Genevieve

I know what she's got up her sleeve

Think she can steal his heart from me

But that's an impossibility

She's only good for just one thing

But me I get to wear his ring

People are talkin' in the streets

About the guy who gives off the heat

Oh, sweet jealousy

This is revenge

'Cause it's me, me, me

Who'll be holding him

Tonight

It must've been my boy (it must've, must've)

It must've been my boy

It must've been my boy (it must've, must've)

It must've been my boy they're talkin' about

It must've been my boy

Who else could it be? yeah!

It must've been my boy

Ooh baby baby

It must've been him that's got them talkin'

He's a class-A lover

There's no other

He's the original Romeo

Leads the other boys

Shows them where to go

Break:

Listen up!

Keep your hands off

Got it?

He's my boy

Got it? Good! Huh - Yeah.....

Sweet jealousy [laugh]

This is revenge

'Cause it's me, me, me

Who'll be holding him

Tonight

Yeah!

It must've been my boy

It must've been my boy
It must've been my boy
Who else could it be?
It must've been my boy
It must've been my boy who's got them talking
About the way...
C'mon baby, make the other girls crazy
Baby, yeah!
Must've been my boy they been talkin' about
Must've been my boy who's been turning it out
Must've been my boy they been talkin' about
Must've been my boy
Turn it out baby.....whew!
It must've been my boy (must've, must've)
It must've been my boy
Get on the streets and get on
back home where you belong
(It must've been my boy!)
OK?
Yeah
Thanks.
