No little birdie came and sat upon my shoulder
Sayin' girl you're gonna to marry this guy
Nobody told me what I was supposed to look for
When I looked and saw the love in your eyes
And no one answered when I said the prayer before
No one even knocked at the door
'Til there was you
'Til there was you

CHORUS:

Stopped crying the blues
When he broke the news
And said that he loved me
No prayers in the night
Don't know wrong from right
When he said that he loved me

No premonition didn't know what I was missin'
Until my lover came and showed me the sun
No fortune teller read it in my palm or in my eyes
And I never believed in just one
And no one answered when I said the prayer before
No one even knocked at the door
'Til there was you
'Til there was you

CHORUS

I know it's all too soon to tell
But I say baby, "What the hell!"
My mind can't help but spinnin' 'round
Thinkin' about the love I found
Swing out...
