Lost all reality, you've really got a hold
Turned myself over to you body, mind, and soul
It might seem crazy and though I'm in over my head
Got no direction and my world is spinnin' 'round
Feel like I'm risin' up and never comin' down
A million people talk but I don't hear a word they say

CHORUS:

Don't know what to do / nothin' I can do
I'm losin' myself over you
(And it hurts me so right)
Can't deny it's true
You know I couldn't fight it baby even if I wanted to
I'm losin' myself.... over you
Love like the ocean feel it rushin' over me
You are the treasure that I've searched for desperately

The tide it races in, its pullin' me out to the sea
Willingly
You're my celebration boy, the reason I exist
I feel a hundred lifetimes deep within your kiss
Don't say a word just hold me close
I hear your heart talkin' to me...

Secretly

CHORUS

And when the darkness came
You washed away the pain
You can do anything when it comes to me
I won't hold back
I wanna know no shame
Take me away in the sky...
