You might be a small town boy  
But your livin' large in my world  
When you wrap your love around me,  
You know I'm your number one girl  
Traveled across the sea  
But it didn't mean that much to me  
You're the star that makes me shine  
No matter where my heart may be  
Do you need to know  
Anything more than this?

CHORUS:

I wouldn't leave you for love  
Wouldn't leave you for money  
Wouldn't leave you for anything in this world honey  
Wouldn't do it for diamonds  
Wouldn't do it for gold  
Baby next to your lovin', they just leave me cold  
A millionaire from London

Tried to sweep me off my feet  
A lear jet, a fancy car,  
But still you got them beat  
If Valentino courted me  
To marry him in Rome  
It might be tempting,  
But you know I'd rather stay home with you  
'Cause you're still the one  
Who makes me feel like a queen

CHORUS

Would you do it for love? ( Wouldn't do it for love! )  
Would you do it for money? ( Wouldn't do it for money!  
)  
Would you do it for love? ( Wouldn't do it for love! )  
Or what? ( Nothin' in the world honey! )  
I'll never let you go!  
Do I need to know any more than this!?!)
