LOVE UNDER MY PILLOW

(performed on the Electric Youth World tour)

performed by: Debbie Gibson & Keeth Stewart

written by: Deborah Gibson

Baby I know it's time to go but

I've been meaning to tell you for some time

How special you are, the closeness I feel for you, girl

Oh, the one thing I need to know, is do you feel it too?

'Cause every night I close my eyes

And you're all I'm thinking about

'Cause it's so nice to go to sleep

With love under my pillow

It's so nice to know that someone cares

I hold you close to me

At night, 'til the morning light

The best of our words, are here with me

Love, under my pillow

Baby when I held your hand

Well you showed me that you cared

'Cause I felt my heart leap out from my head to my feet

I felt like I wanted to give you the world

If only it was mine to give
'Cause without your loving I can't live
It's so nice to go to sleep
With love under my pillow
It's so nice to know that someone cares
I hold you close to me
At night, 'til the morning light
I have all your words
Right here with me
Under my pillow
'Cause I no longer have to be alone - anymore
And I close my eyes and I shut the door
I turn up my favourite song
And baby I sing along
How can anything be so right
Nothin', nothin' at all is wrong
It's so nice to go to sleep
With love under my pillow
It's so nice... It's so nice...
I hold you close to me
At night, 'til the morning light
The best of our words, are here with me
Under my pillow
I got your words lying under my pillow
I got them all under my pillow

I got your words lying under my pillow
