CHORUS/INTRO:

It's gonna take a miracle
To give up my hope and get on with my life
Oh that mystic moment
A split-second stop
Of my heart
And with this miracle
Comes unwanted reality
'Cause this so-called miracle
Has turned into a tragedy

VERSE:

Baby, what ever did I do
To make you not only turn away
But turn, oh so far away
Never considering turning back

VERSE:

I need you to know I'll never smile
Until we reconcile
I know now that that won't happen
Somehow I'll try and cope
But I just can't get out of my head

That glimmer of hope

Everybody tells me I need time away from you

But you're the only thing in my world

And that's the last thing I wanna do

CHORUS

VERSE:

Baby, whatever did I do

To make you not only go away

But twist every word I say

To make the tables turn.....

VERSE:

You're sayin' I'm the one who's at the core

Yes, I'm the one who glanced at the door

But you're the one who turned the handle

Tried to burn the candle at both ends

At both ends you lead me

On and on and on

You really, really took me

Now you've left, my mind is gone

CHORUS

BRIDGE:

It's easy to give advice

When your heart's not in it

But the best thing for me to do is let go

But somehow I get lonely

It's hard to stand and face the crowd

Doin' a one-woman show
