we've been in love boy can't you see it

when can i finally make you mine

i don't know why you don't even try

i got to know where you begin to start to love you

chorus:

wake up to love

can it be any clearer

when will you see you belong to me?

don't fool around, it's not a laughing matter

you seem to make me laugh anyway

right from the start we never were apart

it was always you and me together

chorus:

(boy you've got to)wake up to love

can it be any clearer

when will you see you belong to me

(you've got to) wake up to love

how come everybody sees it

when will you open up your eyes

there's still time so why don't you answer me

we've never said just how we feel

why don't love hit you between the eyes

the way it's hit me son many times

chorus:

(you've got to) wake up to love

can it be any clearer

when will you see you belong to me

(you've got to) wake up to love

how come everybody sees it

when will you open up your eyes

repeat chorus

you know that i love you and you love me

why can't you be mine

now i know why people say that love is blind

but it sure ain't easy!

repeat chorus
