Get on your feet,
nap time is over
With the quickness
can I get a witness
like Jehovah
AMEN
keep it up 'til I say when now
I'm busting' out the playpen
It's the Era
(ERA!)
of J Gueverra
(VERA!)
sparking' revolutions like the one ton imera
The thought of getting' played from the hands of the
creator
locusts devouring
all the hocus pocus
Focus on the force as the curious outlook
Contents under pressure,
about to explode like Lou Ferigno
mean and green so check my signal
Its the Skinnee individual who did you well
I kid you not
I bid you to stop if u gonna Steam
cuz my team bring the steam like a The oasis
and the race is run
now its time to take my place in the sun

YOU CAN'T DENY THE FORCE (NO, YOU CAN'T)

Resistance is futile, we've got parental approval
It's best just not to test us cause our feuds get feudal
It's brutal,
so expect some penance.
There'll be no dangling participles or suspended
sentences.
Your suppression of evidence will get met with
belligerence.
You'll give hesitant penance cause at the present
you're tense, hence
Your confession is expected.
If you think that we're persistent in our methods,

yes you guessed it.
Blessed are we who come in the name of J.
our word spreads like Parkay.
Oh I declare!
It's a state of emergency
The president assents, so don't expect clemency.
Depend on me,
my tendency is to judge forgivingly.
You can't resist the Skinnee,
so give yourself up willingly.
Still I be feeling the paw of Marshall law, you see?
Cross this posse cautiously.
