Get on your feet,  
Nap time is over  
With the quickness  
Can I get a witness  
Like Jehovah  
AMEN  
Keep it up til I say when now  
Im busting out the playpen  
Its the Era  
(ERA!)  
Of J Gueverra  
(VERA!)  
Sparking revolutions like the one ton imera  
The thought of getting played from the hands of the  
creator  
Locusts devouring  
All the hocus pocus  
Focus on the force as the curious outlook  
Contents under pressure,  
About to explode like Lou Ferigno  
Mean and green so check my signal  
Its the Skinnee individual who did you well  
I kid you not  
I bid you to stop if u gonna Steam  
Cuz my team bring the steam like a The oasis  
And the race is run  
Now it's time to take my place in the sun  
YOU CAN'T DENY THE FORCE (NO, YOU CANT)  
Resistance is futile, we've got parental approval  
It's best just not to test us cause our feuds get feudal  
It's brutal,  
So expect some penance.  
There'll be no dangling participles or suspended  
sentences.  
Your suppression of evidence will get met with  
belligerence.  
You'll give hesitant penance cause at the present  
you're tense, hence  
Your confession is expected.  
If you think that we're persistent in our methods,  
Yes you guessed it.  
Blessed are we who come in the name of J.

Our word spreads like Parkay.  
Oh I declare!  
It's a state of emergency  
The president assents, so don't expect clemency.  
Depend on me,  
My tendency is to judge forgivingly.  
You can't resist the Skinnee,  
So give yourself up willingly.  
Still I be feeling the paw of Marshall law, you see?  
Cross this posse cautiously
