Check out the scene, we're stuck in a tractor beam  
With the R-2 Unit and the whole Skinnee team  
From the moons of Endor, to the Land of Lando  
I take the whole damn posse to wherever the van goes

The chase is on, we're close to capture  
Imperial forces don't really know what they're after  
Which way did they go? Which way did they go?  
Excuse me for the question but I really got to know

My rosy glasses give me passage  
Inside the minds of masses  
So relax when I ask this  
Did you come to kick my ass or get your ass kicked?

I'm a mellow fellow not afraid of being yellow  
But will I run from a gun when confronted  
Hell no, I'm Obi Wan, I use the force  
These are not the J's you're looking for  
These are not the J's you're looking for

I hold my light saber versus Vader and envision  
The invader's demolition, rebels on a mission  
To defeat 'em red leader gonna be there in a flash  
Exit to the X-Wing and Flexing with the crash

Skinnee's in control, now we go for gold  
Like Han but never solo 'cause my crew be in the hold  
Chilling like Hoth, they can't touch us with their  
blasters  
We learned at the feet of the masters

It's an old Jedi mind trick, it's an old Jedi mind trick  
It's an old Jedi mind trick, it's an old Jedi mind trick

Hold up, I froze up when the speeders showed up  
Now the shield's are down and the ship's about to  
blow up  
Imperial forces want to force us to extinction  
But my force is from the source, of course I trust my  
instincts  
These are not the J's you're looking for

These are not the J's you're looking for  
These are not the J's you're looking for  
These are not the J's you're looking for  
These are not the J's you're looking for

These are not the J's you're looking for  
These are not the J's you're looking for  
These are not the J's you're looking for  
These are not the J's you're looking for

These are not the J's you're looking for  
These are not the J's you're looking for  
These are not the J's you're looking for  
These are not the J's you're looking for

These are not the J's you're looking for  
These are not the J's you're looking for  
These are not the J's you're looking for  
These are not the J's you're looking for
